MEMORANDUM FOR: Director of Personnel

25X1A9a

FROM : [REDACTED] PRD

SUBJECT : Reaction to 9 June 1964 Supervisory Training Meeting

1. I was quite impressed with the program in general. Of course among the highlights, insofar as I was personally concerned, was the opportunity to hear and see Mr. McCone, Colonel White, and the Director of Personnel.
2. Colonel White was both frank and to the point, and I was quite impressed with his manner and his forthright approach to Agency problems.
3. I particularly enjoyed listening to our Director of Personnel because the material covered by him was both interesting and constructive.
4. The meeting brought to mind problems of which most of us are aware. However, it gave us an opportunity for further insight into their uniform solution within the policy framework of the Agency. I considered this most valuable. (I have long felt there exists a very definite need for more uniformity in the treatment of personnel problems throughout the Agency.)
5. My feeling concerning the entire meeting was enthusiastic. At the close I left wanting to hear more. I feel that one day meetings are very helpful. A forty hour briefing would be desirable, but this type meeting also serves a very useful purpose.
